OFFICE OF SUPERINTENDENT.

G. M. WEST,
SUPERINTENDENT.

CHICAGO HEIGHTS, ILL., Feb'y 6th, 1903

Mr J. R. Saunders, Presdt., P. St A. & G. S. S. Co.,
Pensacola, Florida.

Dear Sir:

My people at Saint Andrews inform me that your Mr Jones, is talking of building some railroad to accomodate the Naval Stores business, also the lumberbusiness, between the Bay, and the railroad, and river. I have been in the railroad business for all my life; have been over the territory referred to possibly 50 times; and think I know just what can be done in that region, and can do it cheaper than any one else. I undersatnd also there are other railway projects forming to develope that section. Not knowing Mr Jones address I would ask you if you could place me in communication with him; or hand this letter to him.

Every one seems to be pleased over the advent of the Tarpon. With some additional railway facilities the boat might be made a big paying investment I think. I shall do all I can to aid the project, and you may call upon me for anything wich will tend to such cooperation.

Very truly yours

Genl Supt.
